

Course Selection Worksheet

PreIB 9th and 10th grade

It is that time of year again...course selections for the next school year! Please follow the instructions below to select and register your Pre-IB student for courses for the 2019-2020 school year.

All students must do the following with their parents:

1. The IB Program coordinator will visit students in their Pre-IB English class to review course options.
2. Students who are considering the Diploma Program in 11th grade need to be enrolled in Pre-IB courses. As a reminder, if a student chooses to not pursue the Diploma Program in 11th grade, they can still pursue any academic pathway after their Pre-IB courses in 9th and 10th grade.
3. For the 2019-2020 school year, students need to be sure to **select the appropriate Pre-IB English course, Pre-IB Foreign Language course, and Pre-IB Math course for 9th or 10th grade.** Please see the Pre-IB Course Selection Sheet (pages 3 and 4) to determine which courses should be selected based upon what was completed in the prior year.
4. All other classes are chosen at your discretion and should be discussed with your AHS counselor.
5. Review the IB Program Candidate Course Pathway Sheet (pages 5 and 6) to **start thinking** about the IB Diploma pathway your child will take over the next few years. Any questions regarding which sciences classes to take leading up to the diploma should be directed to the student's counselor or the science department chair, Cathy Prater. As a reminder, for students who pursue the IB Diploma in 11th/12th grade, the following requirements must be met:
 - students must take 1 class from each IB subject group (1-6)
 - of those 6 classes: 3 must be at Higher Level and 3 must be at Standard Level.
 - Complete TOK, CAS, EE
6. Complete the Pre-IB Course Selection Sheet. **READ ALL INFORMATION ON THE BACK OF THE SHEET AND MAKE SURE BOTH PARENT AND STUDENT SIGN.**
7. Go into Aeries and make your course selections. Feel free to attend the workshops provided by the AHS counselors at support to assist you with that process in the computer lab.

8. **Bring your completed/signed white Pre-IB course selection sheet to your meeting with your AHS counselor for your appointment when you go to the counseling office with your English class. You must bring the Pre-IB course selection sheet filled out and signed to this meeting in order to be registered for the IB classes.**
9. The AHS counselors will hand over all course selection sheets to me for review. Students are responsible for making sure they complete the appropriate summer assignments for each course. Summer assignments will be posted on the AHS IB Website under student resources at www.agourahighschoolib.com.
10. Please direct all IB questions to IB Program Coordinator, Jennifer Kestenbaum at jkestenbaum@lvusd.org. If you need extra copies of the IB Pathway Chart of the Pre-IB Course Selection sheet, they are available at www.agourahighschoolib.com
11. Please direct all subject specific questions to the appropriate IB teacher. IB Faculty email addresses are listed on the IB AHS Website www.agourahighschoolib.com
12. Please direct all Aeries and general education/graduation requirement questions to the AHS counselors.

Thank you! We are looking forward to an AMAZING 2019-2020! ☺

Jennifer Kestenbaum, IB Coordinator

PreIB Program Course Selection Sheet

Student Name: _____ Grade (2019-2020): ____ Counselor: _____

Pre-IB student:

Suggested 9th: Pre IB English I, Algebra/Pre IB Geometry, Pre IB Spanish I/PreIB Spanish II or Chinese I

Suggested 10th: Pre IB English II, Pre IB Geo/Algebra II, Pre IB Spanish II (or other foreign language).

****Completion of Pre IB courses is highly encouraged for students considering the full diploma program. Note: Pre IB Algebra II with a grade of C or better is a prerequisite for IB Math SL and IB Diploma eligibility.**

*** Summer assignments for Pre-IB courses are available at www.agourahighschoolib.com under the “students” tab**

IB Diploma Program Contract ~ Student & Parent Agreement and Understanding

Student Name: _____ **Grade:** _____ **Counselor:** _____ **Pre-IB Student:**

Please consider the following:

1. Pre-IB courses are not part of the IB Diploma Program, but it is highly encouraged that students wishing to pursue the Diploma Program in 11th/12th grade take the Pre-IB classes pathway. Pre-IB courses prepare students for the rigor of IB classes and establish the skills necessary for success. It is also the responsibility of the student/parent to be aware of which courses have UC approval.
2. Full Diploma students must complete a course in each of the 6 subject groups (3 SL; 3 HL) as well as the core Theory of Knowledge (ToK), Extended Essay, and Creativity/Action/Service Requirements in order to be eligible for an IB Diploma.
3. It is the student’s responsibility to meet with the IB Coordinator/counselor to ensure their IB pathway has met IBO requirements for IP Diploma eligibility.
4. It is the student’s responsibility to meet with their counselor to ensure their IB pathway has met Agoura graduation requirements, NCAA requirements, or college admission requirements.
5. Students registered for one or more IB courses may not drop a course unless there is space available in an alternate course during the same period.
6. Most IB courses are weighted by AHS and most universities recognize the IB Diploma and IB courses. However, it should be noted that all colleges and universities have their own methods for weighting courses and all have their own policies for awarding credit or scholarships for the IB Diploma or individual IB courses. It is the responsibility of the student and his/her parents to contact individual colleges and universities regarding IB recognition policies.
7. "There are costs associated with some courses which enhance the educational experience (ie field trips, labs in the science and elective courses). The program relies solely on donations and outside support to fund these costs and the AHS IB Program works diligently to keep them to a minimum. Donation requests are generally under \$100 per course."
8. IB exams, both internally assessed and externally assessed, are the culmination of the classroom experience and are therefore required to receive recognition from the IB Organization (IBO). In order to be assessed, students must be registered with the IBO by the IB Coordinator and pay exam fees. For students who do not seek Certificate or Diploma recognition from the IBO, alternative exams will be provided for weighted course credit. Fees are collected prior to students being registered for exams (October of the exam year). Students must confirm exam registration details during exam registration verification.
 - a. For all IB registered students (Certificate and Diploma), the one-time IBO registration fee is \$175. Please note the IBO revises exam fees on a yearly basis.
 - b. Each IB Exam costs \$125
 - c. There is a \$20 administrative fee
9. Donations and IBO required testing fees are payable to the AHS IB Parent Association (AHS-IBPA), a charitable organization falling within the context of Section 501(c)(3) of the Internal Revenue Code (EIN 27-1048043). Payments for registration and exam fees can be made in installments and the IBPA has a limited number of scholarships available for families experiencing financial difficulties. These scholarships are available to students whose parents are members of the IBPA. For more information visit www.agourahighschoolib.com
10. Any questions or concerns should be directed to Jennifer Kestenbaum, IB DP Coordinator – jkestbaum@lvusd.org

I/We have read and understand the above information regarding the IB Program at Agoura High School and agree to the guidelines and acknowledge the costs associated with the program.
